

WAFD Save at School

At WaFd Bank, we've been helping our neighbors save for the future since 1917...over 100 years!
Partner with WaFd Bank to help teach our kids how to save money with a "Save at School" program:

- Just a \$5 deposit opens a new account. *Accounts must be opened in person, with a parent or legal guardian, at a branch or at the school on designated "Bank Days" or Save at School presentation days.*
- With the initial deposit, we'll add another \$5 to each brand new account!
- Kids can make cash deposits of up to \$20 at school on "Bank Days." *Cash Deposits of \$20+ must be made at a branch.*
- No fees, no minimum balance to earn interest. Maximum account balance limited to \$2,000 monthly.
- School accounts earn a 0.10% Annual Percentage Yield. *(This variable rate can change after the account is opened.)*
- Students can keep track of their deposits with register books and reusable envelopes we provide.
- Parents receive quarterly statements by mail.
- Withdrawals must be made in person at a branch.
- Over 230 locations in eight western states.

We look forward to helping your student develop healthy financial habits!
